

Comcast Business and Masergy Have Joined Forces

Together, we are a leader in connectivity and global secure networking solutions for future-ready businesses.

Here is how we are redefining what's possible for our partners:

Combining the strengths of two industry leaders

Masergy's innovation and solutions-oriented approach with Comcast Business' robust network and scale.

A full suite of customized technology solutions

From high-quality connectivity and software-defined networking to advanced security and unified communications services.

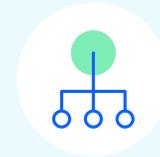

Dedicated, experienced team

Tenured channel team members from sales and operations support to engineers and marketing – all with one focus: helping our partners sell.

Local, regional, and global reach

Global secure networking capabilities plus over 50 points of presence in cities around the world.

Continually investing in our network

Investing billions to make the network faster, smarter and more reliable.
